

Environmental Policy

Lothian Buses Ltd was established in 1919 and is an acknowledged leader in the provision of high quality public transport systems to members of the public within Edinburgh and the Lothian's. The company is held in high regard throughout the industry as an exemplar of best practice.

Sustainability is at the very heart of the business, not only through direct improvements to the fleet and business practices, but also through the encouragement of sustainable travel options to reduce private car journeys in the city.

As a socially responsible business, the Directors and staff of Lothian Buses Ltd and its subsidiaries, are committed to reducing the environmental impact of the business as well as providing a service which continuously meets our customers' expectations. We are committed to:

- Protecting the environment and minimising pollution arising from activities;
- Assessing the environmental impact of all business activities;
- Continually improving our Environmental Management System to enhance our environmental performance;
- Fulfilling our compliance obligations.

Compliance with this Policy is mandatory for all employees of Lothian Buses Ltd and its subsidiaries.

As part of our effort to continuously improve our operations and environmental performance, we have set the following objectives:

- Minimise vehicle emissions by introducing fuel efficient technologies and managing driver behaviour;
- Reduce waste production, recycle as far as reasonably possible and raise awareness through signage and training;
- Investigate and implement measures to reduce our energy and water consumption;
- Encourage and facilitate good environmental practice amongst staff;
- Strive to utilise sustainable transport for business use and encourage alternative transport methods for staff commuting to work;
- Set realistic targets for reducing our environmental impact;
- Comply with legal and other requirements.

This Policy is available to interested parties upon request.
